

# **R. Kubly Family Foundation**

## **Scholarship Loan Program for Graduate and Professional School**

### Program Overview:

Through the Scholarship Loan Program, the R. Kubly Family Foundation makes low interest loans to qualified individuals for use in paying their graduate or professional school tuition. This program may also be available for certain undergraduate degree programs identified as in demand workforce needs in the Monroe and Green County Wisconsin area. The Foundation will forgive these loans if the individual lives in Monroe, Wisconsin and works in the area for five years after graduation.

- ⇒ Why are we offering to pay towards your school!? We are committed to making Monroe and Green County, Wisconsin a great place to live and work (Well, we think it's great already... but we want to make it even better!) We believe in the power of a few great individuals to do awesome things. Rather than exclusively fund individual projects in the county, we want to bring dynamic, energized leaders here. Finding the right people is so important that we are willing to help pay for their school to get them here!

Who are we looking for?

- ⇒ We're looking for exceptional individuals. Simply having great grades and wanting to live in Monroe isn't enough. A successful applicant needs to have outstanding leadership skills and the wherewithal to follow through on their plans. Once the scholarship recipient moves to Monroe, we expect them to become involved in the community. While we are willing to help recipients get connected in Monroe, they to have the motivation and energy to get involved and help make a difference.

### Initial Qualifications for Awarding Loans:

1. Must demonstrate superior leadership qualities, show a commitment to live in the Monroe area, and have a desire to transform the Monroe area into a better place to live and work in the long term. Community involvement such as active membership in a community, professional, or school organization or service in a leadership position on a local board is also a consideration for approval of a Scholarship Loan.
2. Must be a high school graduate or have received a GED or equivalent.
3. Contingent upon acceptance into graduate school, where graduate school means a graduate or professional degree level program at an accredited school. For applicants who are seeking an undergraduate degree, the program must be at an accredited school.
4. Finish school within an acceptable time frame. An acceptable time frame generally includes standard time to finish the program plus one year. Exact time frame will be agreed to in writing before loan extension.
5. Applicants seeking a Scholarship Loan for a graduate or professional degree level program must have an undergraduate degree with an average GPA of 3.0 or greater on a 4.0 scale. Applicants applying for an undergraduate degree program can apply once they are junior status and are entering the third year of their undergraduate degree program, have a cumulative GPA of 3.0 or greater and have officially declared a major.
6. Loans for tuition expenses already paid or to payoff other loans or financial aid already received or received simultaneously are not available under this program.

### Initial Application Requirements:

- Proof of high school GPA and high school diploma or GED

## **R. Kubly Family Foundation Scholarship Loan Program for Graduate and Professional School**

- Verification of undergraduate degree and GPA and graduate/professional degree program acceptance for graduate/professional school applicants
- Verification of junior status, GPA and declared major in an eligible undergraduate degree program for undergraduate degree applicants. Current undergraduate degree programs eligible for this program are early childhood education, primary education, secondary education, and Spanish.
- Copy of tuition bill for the first scholastic period (may be furnished upon receipt by the scholarship recipient).
- Applications from individuals who have already completed part of their schooling may be considered.
- Completed Scholarship Loan Application.
- If requested, conduct an interview with the Selection & Oversight Committee.
- Provide three references who the Committee may contact. Only one reference may be a direct relative.

### Ongoing Qualifications to continue receiving Loan Payments:

1. Must maintain a minimum average GPA of 3.0 on a 4.0 scale.
2. Students must take a minimum number of credits each semester or quarter. This will vary depending on the type of program and be agreed to in the program terms.
3. Student must continue in the program listed in their Scholarship Loan Program agreement and must endeavor to complete the degree requirements for this program. The Scholarship Loan award may be rescinded if the R. Kubly Family Foundation Board of Directors determines the student is not maintaining a good faith effort to complete the degree requirements.
4. Continue to truthfully intend on moving to Monroe and becoming involved in the community after graduation.

### Requirements for verification to meet the Continuing Loan Qualifications:

- Copy of tuition bill for the upcoming scholastic period (quarter, semester, or trimester)
- Documentation following the most recent scholastic period showing a minimum continuing average GPA of 3.0 on a 4.0 scale.
- Documentation showing the loan recipient has taken the minimum number of credits in the most recent scholastic period (quarter or semester). This will vary depending on the type of program and be agreed to in the initial loan documentation.

### Loan Forgiveness Criteria:

For each one full month in which the below following criteria are met, two loan payments will be forgiven. Loan forgiveness will be applied to the next two unpaid Loan Repayment Months.

1. The recipient lives in the Monroe area.
  - a. “Lives in the Monroe area” is defined as having and occupying a primary place of residence located within the boundaries of the School District of Monroe, Wisconsin.
2. The recipient works in the Monroe area.
  - a. “Works in the Monroe area” is defined as primary employment, the majority of which is conducted within, or based from, a geographic area defined by the boundaries of the School District of Monroe, Wisconsin, or

## **R. Kubly Family Foundation Scholarship Loan Program for Graduate and Professional School**

- b. Based on the discretion and advance approval of the board or Oversight Committee, that the recipient is working within a 100-mile radius of Monroe, Wisconsin.
3. Note that loan forgiveness includes principal and interest accrued for said principal.
4. Loan forgiveness only applies to scheduled unpaid loan repayments. E.g., the recipient meets the criteria of living and working in the Monroe area for one full month on the 26<sup>th</sup> month after graduation. Repayment is due (according to the loan agreement) starting the 13<sup>th</sup> full month after graduation. The recipient will have already made or still owe loan repayments for Loan Repayment Months 1 to 14 (out of a total 120 Loan Repayment Months). Based on one full month of meeting the criteria, the recipient will be forgiven Loan Repayment Months 15 and 16.

### Loan Policy:

- Loans will be made for each scholastic period (typically a quarter, semester, or trimester).
- The Initial Loan will require submittal and acceptance of a complete Initial Application.
- Continuing (subsequent) Loans will be given for contiguous scholastic periods (exemptions given for a standard yearly break, typically summer break, or other pre-agreed upon time frame) only upon submittal and acceptance of a Continuing Loan Form (see continuing application requirements). Funds will be guaranteed for the entire degree program as long as the recipient continues to meet the continuing requirements. If a recipient fails to qualify for a continuing loan, they will need to re-apply using an Initial Application. In the case where a recipient fails to qualify for a continuing loan, future funds to complete their degree cannot be guaranteed. As stated above, qualifications to continue receiving funds include:
  - Maintaining a minimum average GPA of 3.0 on a 4.0 scale.
  - Completing a minimum number of credits each scholastic period. This will vary depending on the type of program and be agreed to in the program terms.
  - Continuing in the program listed in the student's Scholarship Loan Program agreement and endeavoring to complete the degree requirements for this program. The Scholarship Loan award may be rescinded if the R. Kubly Family Foundation Board of Directors determines the student is not maintaining a good faith effort to complete the degree requirements.
  - Continuing to truthfully intend on moving to Monroe and becoming involved in the community after graduation.

### Loan Amounts:

- If accepted, the loan amount for which a recipient would be approved will vary based on the applicant's merit and other factors. Typically, the amount may be approximately 50% of total program tuition. However, the Foundation may elect to fund more or less of the program tuition costs. The program will not loan monies greater than the un-funded tuition amount (e.g., If the program has agreed to fund 50% of tuition, but the recipient later secures a scholarship covering 75% of tuition, the program will only fund the remaining 25%). Final loan amount will depend on additional factors, such as additional loans or scholarships acquired by the student. If accepted, the recipient will be notified of the exact dollar amount for which they are approved.

### Loan Payments:

## **R. Kubly Family Foundation**

### **Scholarship Loan Program for Graduate and Professional School**

- Loan amounts will be transferred at the beginning of each scholastic period in which tuition is due and will be made out directly to the educational institution the recipient is attending.
- The recipient will need to contact the Foundation and provide the organization name and address where the check should be mailed to, along with relevant information such as student account or ID number to make sure the check is applied toward the correct account.

#### Loan Repayment:

- Loan repayments are to be made in monthly payments.
- Loan repayments are due on the first day of the month following a Loan Repayment Month (e.g., payments for the month of August are due on September 1<sup>st</sup>).
- The first Loan Repayment Month will be the thirteenth (13<sup>th</sup>) full month following the date of graduation (e.g., if the recipient graduates on May 20<sup>th</sup>, 2024, then the first Loan Repayment Month will be June 2025, and the first loan repayment will be due on July 1<sup>st</sup>, 2025).
- In the case where the recipient either fails to graduate or does not qualify or is not accepted for a Continuing Loan, the first Loan Repayment Month shall be the thirteenth (13<sup>th</sup>) full month following the date of the most recent loan to the recipient (e.g., if the last loan was made on January 15<sup>th</sup>, 2024, then the first Loan Repayment Month will be February 2025, and the first loan repayment will be due on March 1<sup>st</sup>, 2025).
- There will be 120 Loan Repayment Months, which shall commence with the first Loan Repayment Month (as defined above) and continue for an additional 119 continuous months.
- Interest for each portion of principal loaned shall be calculated based a rate per month equal to the rate published in The Wall Street Journal (Midwest Edition) as the prime rate in effect on January 1<sup>st</sup> of the year in which the loan was extended minus one percent (1%) (“Base Rate”), the entire Base Rate then being multiplied by a fraction such that the numerator is the number of days in the period (typically a month, or possibly less than a month if a loan was extended mid-month) and the denominator is the total number of days in that year. The rates for the remainder of the calendar year will be calculated using this same method. A new Base Rate will be calculated at the beginning of each calendar year and said Base Rate will then be used to determine the rate for that calendar year. In the case where January 1<sup>st</sup> falls on a day in which The Wall Street Journal (Midwest Edition) is not published (typically a holiday or weekend), then the first business day before January 1<sup>st</sup> shall be used.
- Interest shall begin to accumulate immediately upon effective transfer of loan funds.
- Loan repayments will be applied first to interest, then to principal.
- Payments received more than 14 days after the due date may be assessed a late fee of \$10.00.
- Interest will continue to accrue on principal that is paid more than one full month late.

#### Loan Deferment and Cancellation:

- In the case of the borrower’s total and permanent disability or death the loan will be canceled, and any unpaid portion of the loan will be forgiven.
- In extreme circumstances the board may approve a loan deferral of principal and or interest. Examples of extreme circumstances may include the following: full destruction of home or place of employment due to a natural disaster, death of a spouse in a two-income dependent family, or compulsory military service causing a loss of job.
